COLLECTION

ABOUT US

HANDICRAFTS MADE WITH HEART BY HAND.

Lio Collection is a family-run furniture company founded by the Greek-born entrepreneur Christos Liokouras and his Danish wife Charlotte. Our company is headquartered in the tropical island of Bali and we consist of a highly diverse and cross-cultural team of employees spread across Indonesia and Europe.

This catalogue consists of our selection of handicraft/decor items. Handicraft is defined as skills done with the hands or a craft done using the hands. Most of our items in the following catalogue are handmade by local Indonesian craftsmen and women. Each and every item is therefore unique and made with heart by hand. To us, unique decor items are key in the pursuit of adding one's own personal style and mood in a certain location.

We constantly seek to develop and follow trends worldwide to empower us to offer a wide selection of decorative items and designs that fit all styles, homes and markets. Our selection of handicrafts varies from minimalistic and Nordic inspiration to colourful and playful designs.

At Lio Collection, we value nature and its resources. We strive to use as natural materials as possible in the making of our items, but with the greatest respect for the nature and local Indonesian environment. On the basis of this, we constantly aim to create and develop decorative made from sustainable materials as well. Therefore, you may find a selection of décor items in the following catalogue that are made from recycled teak wood, glass and metal as well as from rattan.
