# Introduction

Welcome to the world of Lio Collection. Based in Bali, Indonesia, we offer a wide assortment of beautiful furniture and interior products, catering to both retailers and wholesalers. Lio Collection is the life work of Greek-born entrepreneur Christos Vassilios Liokouras and his Danish wife Charlotte Nielsen. By pouring their heart, passion and collective experience into the work, they have developed the company into a successful and respected global operation, ensuring that we consistently adhere to our motto: "Customer satisfaction is always number one".

The Lio Zoo showcases our collection of home décor, inspired by the animal kingdom in all its diversity – from the ruminant mammals to the majestic birds of prey. Our trademark versatility is at full display, with styles as diverse as the choice of materials: Some items excel at their lifelike elegance, while others are characterized by a whimsical charm. Different as they are, they are all grounded in the same passion for creating unique interiors with attention to detail – guaranteed to catch the eye and add personality to all kinds of settings.
